

## **Walker Overstreet**

I am very proud to have lived in Keystone Heights my whole life and to have several family members living close. Home schooling has worked very well for me and allowed me to engage in several things I really like to do.

Keystone Heights has several opportunities for youth. For example, I like to volunteer at Lake Area Ministries (LAM); they collect food for those in need and they are always needing new volunteers. Participating in the Trinity Baptist Church music ministry is also a lot of fun and very rewarding. I sing in the youth praise team and the adult choir; sometimes I get to do a solo in the main services. The youth praise team and the adult choir are both welcoming new members.

Another activity I participate in is karate. I am a first-degree black belt and have been participating for several years. The instructors are Master Russ and Master Tammy Carter. They are very loving Christians and are passionate about what they do.

My favorite hobby to do is to camp with my family. My mom, dad and brother Brandon, we like to take at least two weeks in October and tent camp in the woods of North Georgia. It is fun to hike to all the waterfalls.

Genesis Fitness really helps me to stay in shape so that I can do everything I like. Mr. Todd and the staff are great.
